CODAX SMARTSTART PLUS

Quick and Simple Car Wash Terminal

Start the Wash with Codax Code, Barcode, Smartcard or Mobile.

When your customers see Codax on your forecourt, they know it will be quick and easy to use your car wash or jet wash. The Codax Smartstart Plus unit can be perfectly positioned on a pedestal for customers who drive up to the wash, or mounted on the wall of the building. It is designed to be quick and simple for customers to use; it is also rugged and reliable to keep your car wash in-service.

Codax Smartstart Plus units are modular so you order just the options that your customers want and your business needs:

- **Classic Codax keypad** – Known and trusted by carwash customers around the world.
- **Smartcard reader** – Supporting secure, reliable Codax Smartcard prepay/account cards.
- **Barcode scanner** – Quickly and reliably reads the barcode on newer Codax tickets. The barcode reader adds future-proofing.
